Dear Geoffrey. Yesterday I went to the Bank (Martin's) + transferred to your account £600 in dollars (4-98 to the £ I think) so it will be at your Bank of Toronto Kennedy as soon as you receive this or possibly a day or two earlier. You need not feel at all worried about taking it, I have not had to alter any investments. It comes from dear Daddy's insurance, & was only lying at the Bank. I am glad for it to be used & to be saving you money just now where you need it so much. I would like you all to have a comfortable home & each a good sized bedroom not cramped, & not to have to turn out or share. with room for proper furniture. I am not sending it to Brian, but keeping his & Barbara's shares & using the interest. for I don't think they need it yet. but it will come to them in time. or if Brian marries & wants it. There should be nothing charged to you at the Bank of Toronto they say, so see they don't charge. This is a better way, I think, & quicker than by draft.

I wrote Susan on Sunday. So there is little news only to confirm what I then said that the money is on its way. With ready money you will probably get better terms & value, & not be tied down in any way. Dear Geoff, you can feel quite comfortable, & you will have much pleasure in planning your new home & Susan too. & Susan will have a more comfortable <sup>& spacious</sup> room, as I remember how small Mr. Wrangham's house was where we lived. I am expecting Marion Wheatley this aft<sup>n</sup>. Little John is out again & seems really better. The Dr. is to pay him a final visit today. It is warm & sunny & we still have no rain tho' ahead was flooded in parts on Sat<sup>o</sup>. Very sad about the accident to the Lawer-tip - six lives lost - dense fog & a collision with a Red Star Liner.

Dear love to you all from

Your ever loving Mother.
