Dear Anaret. Thank you for
your nice long letter. I think
your writing greatly improved.

We all admired the pillow
case you worked so well for
Elizabeth & Geoffrey - it only came a
day or two ago so it was a
very long time on the way.
Whooping cough is a very mis-
erable complaint & the cough
hurts so. I am longing to hear
you are all feeling better. The
only consolation is that you
will not have to stay home
because one of you might take
it in the future. You thought
of very nice gifts for everyone

Many of the things could not be
got here. China + glass articles
are scarce - not pretty - + very
expensive so it is fortunate that
we are well stocked.

With love from
Grammie Heuson
