

Sunday, June 1951.

Dear Geoffrey - Norman + Jeanne have taken
a post intended. The pay is not nearly
as good, they will buy a house for
them, it is a Friends' Concern.

It is a lovely day. They asked me to
go in the car but I felt too tired. We
do not have any help on Sun-
-days. Dad brought a nice lettuce
+ yesterday a big cabbage. Dad + Aer
old had visitors (gentlemen) yester-
-day to lunch + then to supper.

It was Elizabeth's sports day + she
did very well - but they were not
fair as usual about it. We get more meat
but it is dearer + better. soon it
will be cheaper + not as good. There
is often Pork but it is too fat.

her father died soon after, her
brother threw himself down
from a second floor window, so
she has had a very sad life -
then she went to Yorkshire in
the wool trade & made quite a
lot of money. We can hear
the waves & see the sails
on the yachts. I made some
very good jello yesterday.
May & Edith are going to Jakes
for a week, & later Norman &
Janice have asked them to their
new house for an indefinite time

Edith can walk out to shop to nearby
shops. I have to use a stick, even in
the garden. I wish you could see the
crowds of delphinium, roses of all sorts
iris, foxgloves. May & Edith are each ty-
-ing down, May works very hard.
Colon is expected next door about the 10th
they will be glad to see the soldier
boy. The girl is practically engaged
to the young boy - a very nice family.
Mrs. Arnot has called with some
cakes + flowers. She lives in the
house opposite Bar, that was
knocked flat on the night.
Luckily she was not in it. & now
she has had a completely new
house built for her - her husband
went to sea + was drowned &

Harold + Ber have gone to
Cirely to tea + to see their
garden which is a large one -
May + I. are going to Wolver-
hampton to see some rooms
for a few old people -

Several of my ferns have been
-shed again.

With love to you, one + all

from

Your loving

Mother -
