My dear Geoff & Bri,

We're getting settled
down after a busy week-end
of extracting eggs from the
milk pig (by the way I
thought it was a mouse in
the pig & nearly dropped it) &
potatoes from tea caddies, but
it made us smile. I pick

things up warily now, in case
of any more finds.

Mr. Dixon (one of the Bank
managers) saw you coming
down to Seacombe boat, & knew
who you were by the luggage
wasn't it strange?

Lady Jackson came today
the clothes nearly all
frozen. It's been snowing
a good deal all day & is
very cold.

We've just had a tragedy. A
spark flew out & burnt one
of Wacey's bath ~~rogs~~^{bags}, but
don't think we'll bother
to claim. It has asked

me to go to a Play in town
on Thursday. She has had 2
tickets given to her.

The Bank. it's were all
very anxious to hear how
you got off -

Fls Potter came down
yesterday. I presented
her with 2 of the old
records, & the rest are going
to Lady Jackson, I think.

We enjoyed every minute
of our time - at home & are
already looking forward to
the 2 years & months being
up. It did us all good having you
with us again.

Bar

I think I told you sorry about the \$
It came to \$170 as you will see by the slip
