8th Nov. 1971

Dear Annet -

I found these old letters & thought
you would like to have them. They tell
of Canadian life in the hard days.

I just happened to come across
them. also (not enclosed) found
a letter from Benjamin Water, my
grandfather & your father's, asking
Barbara ^{Babs} would she marry him.

I hope my little parcel arrived
in time for Nancy's b'day.

I was so pleased to have a letter
from Lenny telling me about
Jennifer.

Ma was here yesterday. She's
distemping the garage. She is
always doing something but I
know it helps pass the time
away. It's very lonely for her.
I'm delighted your father is
coming in Jan - especially so as
Jeffrey & Ma will be abroad.
We have had a glorious autumn
& still have flowers out in the
garden.

Uncle Harold has gone to an Art-
 Lecture. He also much enjoys
 his Art Class. I go to the
 Transwomens Guild & besides
 monthly meetings I belong to
 various sections, The Gardenia,
 Social Studies & Music Circle. It

all makes an interest so
 necessary as the years go by.

Elizabeth has just got a dish
 washer which she funds a
 big help.

han Buttside has just had a
miscarriage - the 2 1/2 years old
has German measles & the
year old boy whooping cough. She
lives near Manchester h.v.

I've been putting all the photos in
a new style of book - 72 slip them
in in plaster slots. I'd like one
or two of Stuart & Nancy.

My love

Aunt Barbara

I am sure
Janet, Amy & I
will like to see
letters
to get return
